New

A PIECE cut from an Olson *Duo-Velvety* Rug to show the deep wool pile on both sides, and sturdy construction.

ORIENTAL LUXURY that will delight you!

WE guarantee the actual rugs will be even richer in color and texture than the color photographs. Every Olson Rug has the same deep, closely woven pile on *both sides*.

The advantages of this superior new type of weave over ordinary one-sided rugs is apparent at once. Olson *Duo-Velvety* Rugs "feel like padded velvet underfoot." They lay smooth on the floor and are as easy to handle and clean

as an Oriental or Wilton. There are thousands of tightly twisted tufts in these finer Rugs. Note how close and firm each strand is packed in. Each tuft is separately bound and firmly held in place. This is a wonderful improvement learned from the Orientals and found only in the finest rugs.

Note that each tuft is dyed *clear through*. We *guarantee* colors and patterns to wear as long as the rugs themselves.

WARP MACHINES

One of our immense machines preparing the thousands of yards of extra strong, four-ply warp needed daily in the weaving of these finer OLSON RUGS.

OLSON Duo-Velvet Rugs are the crowning achievement of our 57 years of constant effort. By our scientific new *Patented Process*, your old carpets, rugs and clothing are merged with others and the valuable, seasoned wool in the old materials is reclaimed, scoured, thoroughly sterilized, steamed, pickered, carded, combed and bleached into soft, fluffy, sanitary wool that looks and wears like costly new wool. This wool is then tightly spun, wound into skeins, expertly dyed with fast dyes and woven on the very latest power looms into luxurious, modern, reversible rugs exactly as illustrated.

IN ONE WEEK new rugs are ready

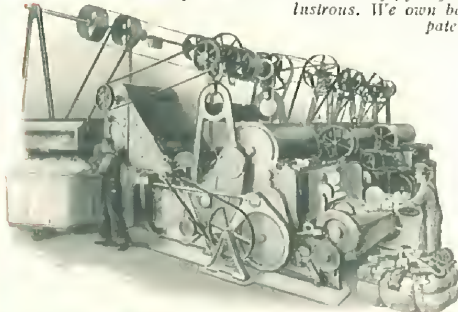

Some of the great modern yarn twisting machines that spin and twist the yarn for sizing and dyeing.

In keeping with the home decorating trend of today, this Tiffany mixture of the charming colors of Autumn foliage meets satisfactorily the demand for harmony and service. There is a suggestion of the Early American period when simplicity and sturdiness were the dominating notes of the fine old New England homes. A subtle, elusive beauty—felt rather than seen. This practical rug is woven in our new *Duo-Velvety* weave like all the rugs in this book. The deep, firm, closely woven nap feels like an Oriental underfoot.

Chinese Pagoda on Taupe

Seamless - - - Reversible

Our master artists and weavers worked together to create this modern rug, which leading interior decorators have pronounced an artistic step forward in rug designing.

The rich, colorful charm of century-old Oriental masterpieces has been combined with the harmonious simplicity of the popular two-toned effects in such a way as to create a new American rug of unusual beauty.

Rich Simplicity

This masterful use of rich, subdued Chinese colors will instantly appeal to your good taste. Not too much color—and yet enough to accent and set off the harmonious Taupe field.

Like all other rugs shown in this book, the pattern is woven

clear through and the two-sided rug gives almost twice the wear of ordinary rugs. Why not save one-half this easy way?

Above all things, the color scheme of a bedroom should be dainty, cheerful and invite repose. It would be hard to find a rug so restful to the eye as this soft, new Tiffany green mixture known as JADE. There is nothing expensive in this room—nothing the modest purse could not afford, yet the effect is wholly delightful. And how ideal these new, reversible *Duo-Velvety* rugs are for bedrooms—and all other rooms, too. The soft, deep nap yields luxuriously underfoot and brings warmth and comfort to your floors at trifling cost. Many bedrooms are rather small and a plain rug always makes a room appear larger. By comparison, this rug is worth twice the price you would pay for any ordinary one-sided rug.

WE DO THE REST

WE HAVE NO AGENTS

Beware of Agents who say they represent the Olson Rug Co., or claim to offer the same rug.

It has been reported to us that dishonest canvassers for small weavers are pretending to solicit orders for Olson Rugs, claiming that their company is owned or controlled by the Olson Rug Co. These men are telling a deliberate lie and are liable to the full extent of the law. We do not own or have any connections with any other company under any other name.

At times we have occasion to send out representatives from the advertising department on special advertising missions. But these men will always be able to identify themselves with an Olson card of identification and an Olson button worn in the coat lapel.

Any agent attempting to collect a deposit of money for Olson Rugs should be turned over to the police. We will pay a reward of \$100.00 for information leading to the arrest and conviction of any such dishonest agents.

Only from the Olson Rug Company can you secure genuine Olson Duo-Velvety Rugs. Our process is fully protected against imitators by patents.

We believe that our modern method of selling direct "From Factory-to-You" is the most economical, money-saving method ever devised.

As "The Largest Rug Manufacturers in the World dealing Directly with the Home" we offer you finer rugs and lower prices than you can get from any small weaver, general mail order house, or retail store. "Our 57th Year."
